Wrap Master

Thank you for purchasing Xtreme Wrap Master DVDs

Tips for using Xtreme Wrap Master CDs:

If working with Photoshop, open one Wrap Master file, select "Edit" and from the list choose "Define Pattern" and click "Yes". Once done, add a "Layer Style" to any layer you are working with and you can add the Wrap-Fill to your work.

Most file sizes are big for high resolution. If Photoshop takes too long to open after you have added some Wrap-Fills, you may have to reduce the size before adding them as a "Pattern".

Do not use this procedure for using Full Side Wraps as they are not tileable.

Under copyright law, the software and catalog may not be copied, in whole or in part, without written permission of Taylor Digital Imaging.
