Xtreme Wrap Master 3

Instructions

Thank you for purchasing Xtreme Wrap Master 2. The purpose of this collection is to provide seamless tiles and large background effects for designing signage of any kind, textiles printing, and vehicle wraps. Xtreme Wrap Master 1 and 2 saves time and makes graphic design easy.

Bonus material has been added to this collection to give you free samples of our other DVD graphic libraries.

If working with Photoshop, open one Wrap Master file, select "EDIT" in Photoshop and choose "DEFINE PATTERN" and click "YES". Once this is done, add a "LAYER STYLE" to the layer you are working with and add the Wrap-fill to your work.

Most file sizes are big to achieve high resolution. If Photoshop takes too long to open after you have added some Wrap-Fills, you may have to reduce the size before adding them as a "PATTERN". Do not use this procedure for using Full Side Wraps as they are not tileable.

Under international copyright law, the software and catalogue may not be copied, in whole or in part, without written permission from Taylor Digital Imaging.

Instructions

Nous vous remercions d'avoir acheté l'Xtreme Wrap Master 2. L'objectif principal de cette collection est de vous fournir une mosaïque homogène sans heurts et des arrières plans à grands déploiements pour un grand nombre d'enseignes, toiles de tissus à imprimés ou comme wrap pour véhicules. L'Xtreme Wrap Master 1 et 2 épargne du temps et facilite la tâche du design graphique.

Comme boni, nous ajoutons gratuitement, un échantillonnage de nos collections également disponible sur DVD.

Astuces d'utilisations pour l'Xtreme Wrap Master 2

Si vous travaillez avec Photoshop, ouvrir le fichier Wrap Master, choisir "EDIT" et sélectionnez "DEFINE PATTERN", ensuite cliquez "YES". Une fois terminé, cliquez sur « ADD A LAYER STYLE » au calque et ajoutez le Wrap-fill à l'ouvrage.

La plupart des fichiers sont trop grands pour obtenir une bonne résolution. Si Photoshop prend trop de temps à exécuter l'ouvrage après y avoir ajouté un ou des fichiers "Wrap-Fill", réduisez la taille avant de les ajouter comme "PATTERN". Vous ne pourrez utiliser cette méthode pour faire des mosaïques pour des Wrap pleine grandeur.

D'après la loi internationale sur les droits d'auteurs (copyright), le logiciel et le catalogue ne peuvent être copier en partie ou tout entier, sans l'expresse autorisation écrite de Taylor Digital Imaging.

Xtreme Wrap Master 3

Anweisungen

Vielen Dank, dass Sie Xtreme Wrap Master 2 erworben haben. Diese Kollektion bietet ineinander übergehende, kachelbare Texturen und großformatige Hintergründe für das Design jeglicher Beschriftungen, Textildrucke und Fahrzeugvollbeschriftungen. Xtreme Wrap Master 1 und 2 spart Zeit und macht Grafikdesign zu einer Leichtigkeit.

Das Bonusmaterial wurde dieser Kollektion hinzugefügt, um Ihnen kostenlose Proben unserer weiteren DVD Grafikatalogen zur Verfügung zu stellen.

Beim Arbeiten mit Photoshop, öffnen Sie eine Wrap Master Datei, wählen Sie "EDIT" ("BEARBEITEN") in Photoshop, wählen Sie dann "DEFINE PATTERN" ("MUSTER DEFINIEREN") und klicken Sie auf "YES" ("JA"). Wenn Sie dies getan haben, fügen Sie zuerst ein "LAYER STYLE" ("SCHICHTEN STYLE") zu den Schichten, mit denen Sie arbeiten und dann ein Wrap-fill zu Ihrer Arbeit hinzu.

Die meisten Dateien sind groß, um eine hohe Auflösung zu erreichen. Wenn das Öffnen von Photoshop zu lange dauert, nachdem Sie einige Wrap-Fills hinzugefügt haben, müssen Sie eventuell die Größe vor dem Hinzufügen als "PATTERN" ("MUSTER") reduzieren. Befolgen Sie diese Anleitung nicht bei der Anwendung von Full Side Wraps, da diese nicht kachelbar sind.

Unter den internationalen Copyright-Bestimmungen dürfen weder Teile noch gesamte Software und Katalog ohne die schriftliche Genehmigung von Taylor Digital Imaging kopiert werden.

Anstrucciones

Gracias por comprar Xtreme Wrap Master 2. El objetivo de esta colección es ofrecer paneles de una sola pieza y grandes efectos de fondo para el diseño de signos de cualquier tipo, impresión de telas y gráficos en vehículos. Xtreme Wrap Master 1 y 2 le permitirá ahorrar tiempo y le facilitará el diseño gráfico.

Se ha agregado material de obsequio a esta colección para entregarle muestras gratuitas de nuestras colecciones de gráficos para DVD.

Consejos para la utilización de Xtreme Wrap Master 2

Si trabaja con Photoshop, abra un archivo de Wrap Master, seleccione "EDIT" (editar) en Photoshop, elija "DEFINE PATTERN" (definir diseño) y haga clic en "YES" (sí). Una vez que haya hecho esto, agregue un "LAYER STYLE" (estilo de capa) a la capa con la que está trabajando y agregue el Wrap-Fill (relleno del diseño) a su trabajo.

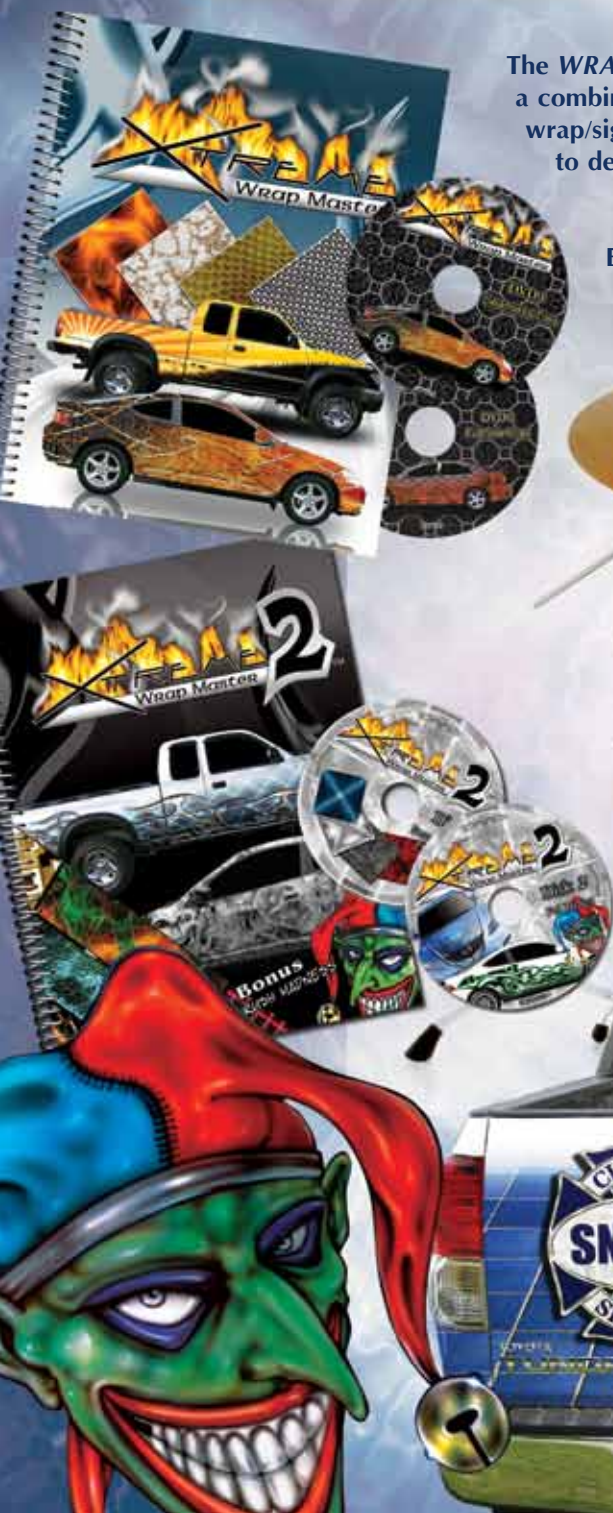

La mayoría de los tamaños de los archivos son grandes a fin de lograr una alta resolución. Si el Photoshop demora demasiado en abrirse después de agregar los Wrap-Fills (rellenos del diseño), tal vez tenga que reducir el tamaño antes de agregarlos como un "PATTERN" (diseño). No utilice este procedimiento con los Full Side Wraps (diseños de lado completo), ya que no pueden utilizarse como material de revestimiento.

X-TREME Wrap Master

The *WRAP MASTER* series of collections 1,2 & now 3 have a combined image count of over 1600 HQ seamless tiles, wrap/sign backgrounds and murals. Yes, you may be able to design your own backgrounds, but with this many to choose from - WHY WASTE YOUR TIME?

Each collection comes with 2 DVDs and a 8.5"x11" reference catalogue. Make \$\$\$ quickly by saving vast amounts of time and effort.

A vertical advertisement for "WINE KITZ". It has a deep red background with a subtle pattern of grape leaves and clusters. The text "WINE KITZ" is written in a large, white, serif font, with a small cluster of grapes to the left of the word "KITZ".

Book Now

An advertisement for Miramichi Honda. It features a blue car with a large graphic of a hockey player in a blue and white uniform, swinging a red stick. The car is decorated with green leaves on the front and the NHL logo on the side. The text "MIRAMICHI HONDA" is in a bold, red and white font, followed by "Courtesy Shuttle" in a smaller font. Below that, the address "2300 King George Hwy • 778-3685" and the website "www.miramichihonda.com" are listed. The Honda logo is also visible on the rear of the car.

Harbour Authority of

Westport

WORKING TOGETHER TO
PROTECT OUR MARINE
ENVIRONMENT

WASTE OIL BUILDING RULES OF OPERATION

WASTE OIL COLLECTION AND CLEANUPS ARE PAID FOR FROM YOUR USER FEES

1. All waste oil to be disposed of in designated tank inside building.
2. Keep tank free of all products except waste oil. Do not place fuel, antifreeze, paints, solvents or other contaminants in waste oil tank (this is not only dangerous but increases the cost of collection and disposal to your Harbour Authority).
3. Properly drain used filters in the waste oil tank before placing in marked barrel/bin (drained filters must be collected and recycled).
4. Oil containers should be well drained, cap tightly fastened and placed in marked barrel/bin.
5. All oily rags, bilge socks and other oily absorbents to be placed in marked barrel/bin.
6. Keep marked barrels/bins free of waste oil by properly draining filters and containers prior to placing into designated barrel/bin (disposal contractor will not pick up or will charge more to empty barrels/bins that have waste oil in them).
7. Keep building and surrounding area clean and tidy.
8. Report any spill, leaks or improper disposal practices to your harbour supervisor or a director on your Harbour Authority board.
9. Call 1-800-565-1633 if fuel, waste oil, chemical or other contaminant spill cannot be contained or quickly cleaned up.

BY FOLLOWING THE ABOVE RULES YOU CAN HELP YOUR HARBOUR AUTHORITY
SAVE MONEY AND PROTECT THE ENVIRONMENT

IMPORTANT FACTS

One litre of oil can contaminate 1 million litres of groundwater.
Harbour Dredging Issues: There is an increasing probability that it will be impossible to find a disposal site if contamination levels exceed regulatory limits. (No dumpsite = No dredging).

~~X~~TREME Graphic Kits

Xtreme Graphics Kit is the largest Print & cut vehicle graphics library available anywhere. Available in 2 MEGA COLLECTIONS each containing 400 unique graphics ready for outputting on any print & cut digital printer. Xtreme Graphic Kits is a perfect fit when using Xtreme Wrap Master as well, by combining graphics from both software libraries you can easily create amazing looking vehicle wraps, etc. Graphics are in HQ .JPEGs for printing with .EPS and .AI files for cutting. These files will print clearly up to 200 inches and vector cut lines are made without sharp points to give the graphics much better durability.

Air Brush MADNESS

AIR BRUSH MADNESS is the latest craze to hit both the apparel and sign industry. Collection 1 focuses on images such as skulls, animals and people. Collection 2 is more dedicated to business type images such as mechanics, firefighters, singers, beauty images, sports images, pizzeria chef, just to name a few. These images are a dream come true for any designer, with high resolution transparent background .PSD files design is as easy as a click and drag on to your workspace. Each image comes in two file sizes – 10 MB for apparel and smaller items such as skateboards, and 100 MB for large format printing. Each collection comes with a full color 8.5" x 11" reference catalogue along with Bonus images from Wrap Master 3.
